

Commercial Vehicles

Choosing the right vehicle can be a difficult task and this is why we work closely with you, the manufacturers, vehicle converters and dealers to ensure that you get a vehicle which meets your operational needs. Our commercial specialist has considerable experience in vehicle specification and is available to help you make the right choice.

We can provide any make and type of commercial vehicle up to 3.5 tonne. This includes vehicles with conversions. Typical conversions include;

- Tail lifts
- Minibus conversions
- Ladder racks
- Internal racking

We understand how hard you make your vehicles work and this is why we ply-line all commercial vehicles before they are delivered to you. Another consideration is the availability of a flexible service and maintenance provider for your chosen vehicle. Our maintenance controllers can advise and help you find the best placed service agent for your vehicles.

You have a number of options to funding your commercial vehicle and Bramall & Jones Leasing have products to meet all these options. Our experienced consultants can guide you through the various funding options and the benefits each of these offers your business. These include;

- Contract hire
- Contract purchase
- Sale and leaseback
- Fleet management

A whole range of additional services are available to add onto your chosen product;

- Maintenance
- Breakdown and recovery
- Telematics
- Fuel cards
- Accident management
- Out of hours servicing
- Driving licence checks
- Relief van
- Short term hire vehicles
- Vehicle movements

Bramall & Jones has a wealth of experience in the operation and management of commercial vehicles. We have established contacts with all the manufacturers and an extensive network of service and repair agents.

More than any other vehicle, a commercial vehicle needs to work for its money. It is the backbone of many organisations and a modern well managed commercial fleet can give an organisation an edge over the competition. Bramall & Jones Leasing understand this and we can demonstrate how we can help achieve this through cost savings and service enhancements.

Our sales team includes a commercial specialist who has a vast experience in the operation of all types of commercial vehicle. We can help you produce detailed body specifications and choose the most appropriate chassis or base vehicle. For more simple requirements we can provide a cost effective contract on any car derived van.

To find out more why not contact us today and let our experienced consultants demonstrate the Bramall & Jones difference to you.
